

# WORKSHOPS

## *on the* HISTORY *of* SOCIABILITIES (1600s–1800s)

Dear all,

The graduate and postdoctoral students associated with the Research Group on the History of Sociabilities [Groupe de Recherche en Histoire des Sociabilités] are planning a series of workshops revolving around the discussion of key texts, historiographical debates, literary debates, and work-in-progress research.

We invite you to our inaugural meeting, which will take place

**on Friday 25 October, at 11am  
in room A-6290 in the Pavillon Hubert-Aquin at UQAM.**

We plan to use this meeting for an open discussion of ideas about the form these workshops might take, and about some of the texts we might wish to explore.

--

Come interrupt the solitude of research work with us!
